

Dear Valued Provider,

We are sending you the Absolute Total Care Synagis® Authorization Guidelines for the 2024-2025 respiratory syncytial virus (RSV) season. These guidelines were developed based on the 2014 recommendations of the American Academy of Pediatrics and recently reviewed under the guidance and consultation with key opinion leaders.

Absolute Total Care will use its preferred provider of Synagis, AcariaHealth, for the 2024-2025 RSV season. A copy of the prior authorization form is enclosed. When submitting the request, please include the NICU discharge summary to expedite the review process.

AcariaHealth will be responsible for the delivery of the injectable product and the overall coordination of the drug distribution process. All injectable products will be billed directly to Absolute Total Care by AcariaHealth and shipped to your office. Administration charges for the injection should be billed directly to Absolute Total Care on a (HCFA) CMS 1500 claim form using CPT code 96372 (Administration) and CPT code 90378 (Medicine). You can also bill the appropriate office visit for each administration of the drug.
